During this workshop we will, based on the participants' experiences and projects, think together about what is useful to think of when our professional activity includes an international dimension (access to the territory, visa, work permits, posting, taxation, ...). To master this aspect, the first step aims at asking the right questions and to know where to find the answers. From the posting of workers to administrative obstacle and regulation applicable to such cases, we offer you a moment of playful and informative exchange resulting in a check list regrouping the main elements discussed!	<p><i>Evaluations</i></p> <p>Questionnaire to be filled out by the participants (paper and online versions exist)</p> <p><i>Support material</i></p> <p>fiches pratiques et prezi</p> <p><i>Other related recommended resources</i></p> <p>evaluations available</p>
